

SHWACHMAN-DIAMOND SYNDROME REGISTRY

SUMMER NEWSLETTER

Join us for our 2024 SDS Family Day!

We are excited to announce that our 2024 SDS Family Day will take place on September 15th from 1-5 on a virtual platform. We look forward to participants and family members joining the call to learn more about the SDS Registry and connect with other SDS families. You can expect informative talks regarding different aspects of SDS care, open panels to ask experts questions, and updates from the registry about our recent research. Click the button to register!

Welcoming New Members and Saying Goodbye to Previous Members!

Members of the SDS Registry clinical research and lab team met to welcome our newest member Sachi Kalvakaalva to the team and bid farewell to Ashley Gutierrez and Katie Coyne as they embark on their next adventures. We wish Ashley good luck while she pursues her PhD at University of Chicago and Katie good luck at UMass Chan Medical School!
